Claims 13-28 are pending in this application.

Claims 1-12 are canceled.

## **DETAILED ACTION**

### ***Election/Restriction***

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 13-25, 27-28, drawn to compounds of formula I, composition, methods of use and process of making thereof, classifiable in class 544, 514 and numerous subclasses.
- II. Claim 26, drawn to compounds of formula IV, classifiable in class 544, and numerous subclasses.

Inventions of groups I and II are not related. They are distinct and independent from each because they are directed to different statutory classes of invention and, the practice of invention II or I would not result in the practice of the other. The inventions are drawn to different compounds having different structures.

In addition, because of the plethora of subclasses in each of the Groups, a serious burden is imposed on the examiner to perform a complete search of the defined areas. For reasons set forth above, the restriction is proper.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

During a telephone call by Gabrielle Brouillette on 6/11/04 a provisional election was made to prosecute the invention of group I, claims 13-25, 27-28, without traversal. Affirmation of this election must be made by applicant in replying to this Office action. Claim 26, is hereby

Art Unit: 1626

withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention, and are now canceled.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

#### ***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Since the election of group I is without traversal and having found the elected invention in condition for allowance, claim 26 is now canceled.

#### ***Interview Summary***

Claims 14-17, 19-25, are dependent on canceled claims. However, in an interview with Ms. Brouillette today, 6/15/04, she indicated that the dependency be retained after renumbering of claims 13-25, 27-28, as was done in the parent Application No. 10/240,481, now abandoned.

#### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the invention relates to 8-Quinolinxanthine and 8-Isoquinlinxanthine derivatives, their composition, methods of use

Art Unit: 1626

and process of making thereof. No prior art of record discloses the instant invention. Only the priority document discloses the claimed invention. The invention was allowed in parent Application No 10/240,481, now abandoned. In the instant application, claims 27-28, drawn to method of use, are new.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### ***Telephone Inquiry***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Taofiq A. Solola, PhD, JD, whose telephone number is (571) 272-0709.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Joseph McKane, can be reached on (571) 272-0699. The fax phone number for this Group is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (571) 272-1600.
